FRN Proudly Offers Its 9th Annual Mothers Retreat

Happiness is Being a Mom

FRN offers a day of relaxation and fun for mothers raising children with special needs. The emphasis of this year’s retreat is on sharing the happiness we experience by being moms. The day will provide an opportunity for mothers to meet other mothers, and spend some time on themselves. The day will include some pampering, music, craft activity, games, fun, prizes and lots of food.

Comments from last year’s retreat included:

- “It was a fun experience. I'm glad I came.”
- “Very, very fun. I want to come next year.”
- “It was a nice day for networking and feeling the 'sisterhood' we share.”
- “I can hardly wait til next year!”

This year's retreat will take place on Saturday, February 3, 2007 at the San Joaquin County Office of Education. Registration starts at 9:30 a.m. and the event runs from 10 a.m. to 3 p.m. There is a $10 fee for mothers who reside in FRN’s service area of Amador, Calaveras, San Joaquin, Stanislaus and Tuolumne Counties. The fee for mothers outside of the region is $20.

Registration forms are available by calling FRN at 472-3674 or 800-847-3030 or on FRN’s website, www.frcn.org. Click on “calendar” and then on “Mothers Retreat”.

I AM

I am a trustworthy boy who likes Rain Bird sprinklers
I wonder about what age I'll reach before dying
I hear myself being in darkness
I see myself owning lots of land as an adult
I want to own a park when I'm all grown up
I am a trustworthy boy who likes Rain Bird sprinklers

I imagine I am a person getting what he wants someday
I feel myself going to Heaven
I touch all my happiness in my heart
I worry about how long it'll be before my problems cease
I cry about the sad things that bug me in life
I am a trustworthy boy who likes Rain Bird sprinklers

I understand that someday my problems will cease
I say to everyone be thankful for what you have
I dream of my afterlife being happy
I try the best I can to make my life happy
I hope everyone gets what their heart desires
I am a trustworthy boy who likes Rain Bird sprinklers
Down Syndrome News
Central California Down Syndrome Foundation (CCDSF) Spanish-language group meets the 2nd Friday of the month from 6 to 8 p.m. at the Community Center, 2413 3rd Street in Hughson. Call Maria at 845-8028 for information.

Want to Be “In the Know” ???

FRN will email you up-to-the-minute information on news items, events, activities, trainings and other issues of interest to families raising children with special needs. FRN’s newsletter is published only 3 times per year so email is a great way to keep up on important information. If you would like to be added to this mailing list, email your name and email address to FRNfamilies@aol.com.

Congrats to the WINNERS of FRN’s latest drawing:

Athena Martin
Kimberli Puccinelli
Erika Simmons

Check FRN’s website, www.fren.org for updated information on trainings and events. Registration forms for FRN events are on the website.
New FRN Library Resources

---

**Family School Partnership**

**AB 2590**

*What is the Family School Partnership Act?*

The Family School Partnership Act, which took effect in 1995, is a California law that allows parents, grandparents, and guardians to take time off from work to participate in their children’s school or child care activities. This includes Individualized Education Program (IEP) meetings.

*What opportunities are offered under this law?*

If the following criteria are met, you may take up to 40 hours each year (up to eight hours in any calendar month) to participate in activities of your child’s school or day care facility:

- You are a parent, guardian, or grandparent who has custody of a child enrolled in a California public or private school, kindergarten through grade twelve, or licensed child day care facility.
- You work for a business that has 25 or more employees at the same location.

*How should I account for my time off work?*

The law allows you to use vacation time, personal leave, or compensatory time off to account for the time you use participating in your child’s school or childcare activities. You may also use time off without pay if permitted by your employer. The employee, not the employer, chooses from the options that are available.

*How can I take advantage of these opportunities?*

Let your employer know in advance that you would like to take time off to participate in activities at your child’s school or childcare facility. Although the law does not say how far in advance you should inform your employer, it is likely that rules are in place at your work site about reasonable notice for planned absences. And, if your employer requests, you are required to provide proof of having participated at your child’s school or childcare facility.
FRN extends its thanks to the following for their generous donations:

- Art Rossetti Enterprises
- Carol Beeman
- Boat Country, Escalon
- Tom & Sue Chinchilo, in memory of Fred Stringer
- Daugherty’s Guest Home
- Kimberlee DiBartolo

- Don Okura
- Amber Parker
- Sue Robertson
- Nadine Simms
- Tami Taylor
- Jeremy Werner

FRN thanks its student volunteers:

- Laura Daly
- Stephanie D’Sousa
- Caitlin Ghan
- Jaclyn Machado
- Taylor O’Neill
- Jade Parker
- Nihir Patel

Start Early to Protect Your Child’s Teeth

Dentists say…

1. Put your child to bed without a bottle. If your baby must have a bottle to sleep, fill it with plain water. You may need to gradually dilute the bottle contents until only water is offered.

2. Avoid soda and other sweet drinks and don’t let your child drink from a bottle all day.

3. Wean your baby away from the bottle by one year of age.

4. Clean your child’s teeth and gums with a clean washcloth or small, soft toothbrush before bedtime.

5. Check with your doctor or dentist to make sure your child is getting enough fluoride each day. Fluoride protects teeth from decay.
**Little Bits**

**Preemie Clothes Closet**

Family Resource Network has "gently used" preemie infant clothes available to families of premature infants.

The Preemie Clothes Closet is open Tuesday through Friday, 9:00 a.m. to 2:00 p.m. at FRN's office, 5250 Claremont Avenue, Suite 239, Stockton.

FRN gladly accepts all donations of gently used preemie-sized clothing. **We are currently in need of boys' preemie clothes.** For more information contact FRN.

FRN thanks **Jeane Engdalh** and **Kathy Werner** for their generous donations to *Little Bits.*

Safety Guidelines for Eating Fish

Information provided by Environmental Health Investigations Branch, www.chib.org

DO NOT EAT shark, swordfish, tilefish, or king mackerel.

Fish are nutritious and good for you to eat. Most fish are safe to eat. But some fish may contain a dangerous chemical called mercury. If you eat the wrong kinds of fish, or too much fish, you can get mercury in your body. If you are pregnant or breastfeeding, mercury can harm your baby, too.

Can I eat the fish from stores or restaurants?
Most fish that you buy in stores or restaurants are safe. But even these fish may contain mercury. Safety guidelines for eating fish from a store or restaurant recommend up to 2 meals a week (12 ounces) of fish or shellfish.

What about fish that family or friends catch?
Fish from some areas of California have mercury or other chemicals in them. These areas have warnings called “health advisories.” Health advisories tell you the kinds and amounts of fish that are safe to eat. Always follow the health advisory for the areas where your fish were caught. If there is no advisory, safety guidelines for eating fish caught by friends or family recommend up to 1 meal a week.

What about children?
Mercury can harm children, too. There are special guidelines for children and teens less than 17 years old. The guidelines recommend the same as above, but in smaller portions.

Tips for lowering mercury from the fish you eat:
• Do not add the recommended amounts. For example, if you eat 1/2 pound of fish caught by friends or family, do not eat any other fish that week.
• If you eat more than the recommended amount of fish in a week, eat less than the recommended amount the next week.
• Eat store-bought farmed catfish, tilapia, wild salmon, pollock, shrimp, and scallops which have little or no mercury.
• Eat different kinds of fish.
• Eat chunk light tuna instead of albacore (solid white) tuna or tuna steaks. It has less mercury.
• Do not eat the guts of the fish.
• Eat smaller fish rather than larger fish because they generally have less mercury.
• Cleaning and cooking fish will not get rid of the mercury. Be sure to follow the guidelines and advisories.

Portion sizes:
1 meal is about 6 ounces of cooked fish or 1/2 pound (8 ounces) of uncooked fish.
1 can (6 ounces) of chunk light tuna is 1 meal. You can eat up to two cans a week. Tuna steak and canned albacore (white) tuna have more mercury. You can eat up to 6-ounces of albacore or tuna steak a week, but no other fish that week.
6 ounces of fish is about the size of 2 decks of cards.
8 ounces (1/2 pound) of uncooked fish is about the size of a thin paperback book.

For information about health advisories, contact:
• Your local health department:
  www.dhs.ca.gov/home/hsites/hdlinks.htm
• California Environmental Protection Agency, Office of Environmental Health Hazard Assessment/Pesticide and Environmental Toxicology Section (916) 327-7319 or (510) 622-3170 www.oehha.ca.gov/fish.html
